

Start Your New Business With Our Safe and Affordable Incorporation Services

Our intent is to make the process of starting a business as easy and cost effective as possible so you can focus on growing your business.

5 Easy Steps To Start Your New Business

1 Visit distributorfranchiseservices.com and complete a short list of questions. (This will only take about 10 minutes.)

2 Once complete, your Account Rep will professionally prepare, cross-check, and proof with all required information

3 We will send your documents via email and ask that you review them for accuracy, understanding, your signature, and to scan them back to us

4 Once your documents have been returned, we will perform a final review and then submit them to the appropriate filing office. We will then monitor and coordinate with the state to ensure your filing is filed as quickly as possible.

5 When the State does their work and we receive your filed documents back, we then obtain your Federal Tax ID Number (EIN)

↪ **You're done! We then deliver evidence of your Incorporation, EIN, and Reference Guide - We will even submit those documents to Flowers for you!****
